TITLE

Software Developer | React, Next.js, React Native & TypeScript

SUMMARY

Software developer focused on responsive web and mobile products using React, Next.js, React Native, and TypeScript. Experienced in AI product interfaces, streaming responses, interactive reports, analytics and production monitoring, and connectivity-aware mobile features.

SKILLS

Frontend & Mobile: React, Next.js, React Native, TypeScript, CSS, Tailwind CSS

State, Data & Performance: React Query, i18n, web performance optimization

Backend & Integration: Node.js, streaming AI responses, QR code and brokerage integrations

Analytics & Monitoring: Mixpanel, Sentry

Interactive 3D: Three.js, React Three Fiber, WebGL

EXPERIENCE

AlphaWorks — Frontend Developer (Freelance & Trainee) 2023–2025

> **eZorro** | Frontend Trainee | Jul 2025–Nov 2025
>
> - Developed responsive React interfaces for an AI-powered market research and portfolio analysis platform.
> - Implemented real-time AI chat with streamed responses and clear loading and response states.
> - Built interactive reports for strategy backtesting, alternative data research, and brokerage-connected portfolio analysis.

> **Reachlet** | Frontend Freelancer | 2023–2025
>
> - Developed a React Native advertising display app with auto-scrolling image and video campaigns and QR-linked actions.
> - Integrated Mixpanel product analytics and Sentry production error monitoring to improve usage visibility and issue diagnosis.
> - Built connectivity-aware controls, including automatic hotspot activation and in-app internet status management.

PROJECTS

3D Portfolio Website Live Demo | GitHub

Next.js, TypeScript, Three.js, React Three Fiber, Tailwind CSS

Interactive, responsive portfolio with scroll-driven 3D scenes, animated transitions, and asset preloading.

EDUCATION

B.Sc. in Computer Science — In Progress | Jordan University of Science and Technology (JUST) | Expected 2027
